

# A Choice of University

## Logic Grid Puzzle

Four students, from different countries, chose to study in the United Kingdom. Each one chose a subject and a city (where the university is situated). Find out the nationality of the history student.

- Exactly one boy and one girl chose a university in a city with the same initial of their names.
- A boy is from Australia, the other studies Architecture.
- A girl goes to Cambridge, the other studies Medicine.
- Oliver studies Law or is from the USA. He is not from South Africa.
- The student from Canada is either a historian or will go to Oxford.
- The student from the USA will go to Edinburgh or will study Medicine.
- Lucas is not from the USA and will not study History.
- The student from South Africa is going to Edinburgh or will study Law.
- The Canadian is not studying Law.
