Four artists exhibited their arts using very particular techniques at the national art contest. Knowing that the surfaces are displayed from the softest to the hardest, which tool did Monica use?

1. Exactly one of the artists has the same initial in his/her name and his/her tool.
2. A man used acrylics, a woman painted on paper.
3. Oil colors were used on a less resistant surface than Frank’s choice. Frank didn’t use the sponge.
4. Among the artist who used the tempera and the artist who painted on wood, one is Monica and the other used the brush.
5. The sponge was used with acrylic or on cardboard.
6. Andrew either used the spatula or painted on canvas.
7. Watercolor was used on a harder surface than tempera.
8. The aerograph is related to two items that both have the same initial.
Supposedly, Einstein created this riddle in the 20th century and said that 98% of the world's population could not solve it. Can you find the solution to "Einstein's Riddle"?

**IF YOU ENJOY LOGIC GRID PUZZLES, YOU'LL LOVE ZEBRA PUZZLES**

Zebra Puzzles, sometimes known as Einstein Puzzles, are an extraordinary twist on your favorite logic grid puzzles. They use the same brain-teasing logic but in a fun storytelling way that adds a dash of mystery and challenge. Instead of just a regular grid, you get lots of different hints about categories, like color, animal, and place. Your mission? Figure out how all these hints link together. Think of Zebra Puzzles as exciting logic mazes. This type of puzzle promises a riveting mental workout that will keep you engaged while honing your problem-solving and critical thinking skills, making them a must-try for any fan of logic puzzles.
