

While returning from work, four drivers stopped at a gas station to fill their cars. How many gallons were filled by pump number 4?

- Exactly one of the drivers has the same initial in their name and in the color of their car.
- The second pump filled 2 gallons less than the first one, but 2 gallons more than Emma's station.
- Grace doesn't own a blue car, didn't fill 10 gallons, and wasn't served at the fourth station.
- The gray car was served at the pump previous to Emma's one.
- Benjamin used the third pump or filled 12 gallons.
- The blue and black cars were filled with a total of 18 gallons.
- The black car filled 10 gallons or it was on the third pump.
- Benjamin wasn't at the fourth pump.
- The second pump served 8 gallons or filled the black car.
