

Apples to Apples - Logic Grid

Four girls helped their grandpa collect apples. Each girl used a basket of a different color and collected a certain amount of apples. How many apples are in the green basket?

1. Exactly one girl has the same initial in her name and in the color of her basket.
2. Trisha is 4 or 6 years old, and had the green or red basket.
3. The girl who collected 28 apples is 1 year older than Trisha.
4. The green basket had 4 apples less than the blue one. The other two baskets belonged to Berenice and the 6 years old girl.
5. Gina is 5 years old, or she had the white basket. She collected more apples than Berenice.
6. If the 4 years girl had the blue basket, then Gina got 24 apples.
7. The 7 years old girl didn't collect 20 apples.

		Age				Basket				Quantity			
		4	5	6	7	blue	green	red	white	20	24	25	28
Name	Berenice												
	Gina												
	Rachel												
	Trisha												
Quantity	20												
	24												
	25												
	28												
Basket	blue												
	green												
	red												
	white												

Name	Age	Basket	Quantity
Berenice			
Gina			
Rachel			
Trisha
