Beach Umbrellas - Logic Grid

Four families are going to the beach in the morning and are bringing their family-size umbrellas. Which family has the yellow umbrella?

1. The green umbrella shields 5 people.
2. Family Thorpe arrived at the beach one hour after the family with the blue umbrella, and one hour earlier than the largest family.
3. Family Kendal has the green or yellow umbrella. They have one more family member than Bensons.
4. Rideys don't have the white umbrella and aren't the smallest family.
5. The smallest family doesn't have the yellow umbrella.
6. If the Kendals arrived at 8:00, then the largest family arrived at 9:00.
7. If the family with the green umbrella arrived at 7:00, then Rideys are 6 people.
