

Four friends just washed their clothes. Follow the clues to discover which friend washed the white clothes.

- Sandra washed her clothes one hour earlier than the person who washed red clothes.
- Sandra washed her clothes one hour earlier than the person who used pine scented detergent.
- Of the person who washed black clothes and the person who used jasmine scented detergent, one washed the clothes at 17:00 and the other washed the clothes at 16:00.
- Of Julian and the person who used the lavender scented detergent, one was the first to wash the clothes and the other washed black clothes.
- Celia washed her clothes two hours earlier than the person who washed green clothes.
