

New Wonders of the World - Logic Grid

In 2007, 7 monuments were chosen between a selection of 200 to be the New Wonders of the World. One year after, four women traveled individually to see a wonder. Which wonder did they see?

1. The woman who visited the Christ the Redeemer is either the woman who traveled in April or the doctor.
2. Sandra traveled sometime after the woman that traveled to Rio de Janeiro.
3. The doctor is either Sandra or the woman who traveled to see the Colosseum.
4. Gladys traveled one month after the musician.
5. Of Connie and the veterinarian, one visited the Christ the Redeemer and the other traveled in July.
6. Gladys is a veterinarian.
7. The musician traveled one month before the woman who traveled to Mexico.
