

Online Shopping - Logic Grid

Four people bought some stuff on the web, and are waiting for the delivery. Who did buy the TV?

1. Exactly one customer bought from the website with the same initial of his/her forename.
2. Ezequiel bought a TV or he bought from Joom.
3. Walter is going to wait 2 days longer than Anne. Neither of them bought from Wish.
4. The shoes will arrive sooner than the TV, but later than the item bought from Joom.
5. The CD was bought on Wish or it will take 6 days to arrive.
6. The TV wasn't sold on Wish.
7. The item from Amazon won't be the last one to arrive.
8. Walter didn't buy from Amazon, and didn't buy some shoes.
9. Juliet bought shoes or she will wait 6 days for her purchase.
10. If the item from Ebay is going to take 12 days to arrive, then Walter bought a book.
