

## Trick or Treat - Logic Grid

Four friends went for trick or treating on Halloween, and each of them collected their preferred candy type. Who got more?

1. Greg collected Lollipops or Taffies.
2. Lucas collected 2 ounces more than a girl.
3. Exactly one kid has the same initial in its name and costume name.
4. The zombie collected 4 ounces more than the kid who collected lollipops.
5. The ghost and the vampire collected 26 ounces.
6. Lucas collected bubblegum or was the skeleton. However, he didn't collect jellies.
7. The jellies were collected by the zombie, or they weighted 10 ounces.
8. Samantha was the skeleton or the vampire. She collected 2 ounces more than Greg.
9. The skeleton collected taffies or jellies.
10. The vampire didn't collect 14 ounces. The bubblegum weren't 16 ounces.
11. Zoe wasn't the ghost.

		Costume				Quantity				Candies			
		Ghost	Skeleton	Vampire	Zombie	10 oz	12 oz	14 oz	16 oz	Bubblegum	Jellies	Lollipops	Taffies
Kid	Greg												
	Lucas												
	Samantha												
	Zoe												
Candies	Bubblegum												
	Jellies												
	Lollipops												
	Taffies												
Quantity	10 oz												
	12 oz												
	14 oz												
	16 oz												

Kid	Costume	Quantity	Candies
Greg			
Lucas			
Samantha			
Zoe
