Mileage					

- The car that has a Transmission problem is exactly to the left of the car that has a Radiator problem.
- At the second position is the car that has a Radiator problem.
- The German car is exactly to the right of the car with 50,000 miles.
- The car with 20,000 miles is at one of the ends.
- The Hatchback has the least mileage of all five cars.
- The Korean car is exactly to the right of the car with 40,000 miles.
- The White car is next to the Crossover.
- The car with 60,000 miles has an Engine problem.
- The SUV is somewhere between the car that is being fixed by Melvin and the Pickup, in that order.
- The Green car is exactly to the right of the car that has a Transmission problem.
- At one of the ends is the White car.
- The Italian car is at the fourth position.

- At one of the ends is the car that has a Suspension problem.
- Melvin is fixing the car that is exactly to the left of the French car.
- Willie is repairing the car that is at the fifth position.
- The car that is being fixed by Kyle is exactly to the left of the Red car.
- The Blue car is somewhere to the right of the Black car.
- The car that is being repaired by Melvin is next to the car with 50,000 miles.
- The car with 20,000 miles is exactly to the right of the car with 40,000 miles.
- The car that has an Airbag problem is somewhere to the right of the Green car.
- Kyle is repairing the car that is somewhere between the SUV and the car that is being fixed by Damon, in that order.
