

## Gas Station - Zebra Puzzle

Use your logic skills to solve this zebra puzzle and find out the type, the mileage and the manufacturer of each car.

**Color:** blue, green, red, white, yellow

**Driver:** Alex, Daniel, Jacob, Logan, William

**Type:** crossover, hatchback, pickup, sedan, SUV

**Mileage:** 10,000, 20,000, 30,000, 40,000, 50,000

**Gasoline:** \$ 5, \$ 10, \$ 15, \$ 20, \$ 25

**Manufacturer:** American, French, German, Italian, Korean

	Car #1	Car #2	Car #3	Car #4	Car #5
<b>Color</b>					
<b>Driver</b>					
<b>Type</b>					
<b>Mileage</b>					
<b>Gasoline</b>					
<b>Manufacturer</b>					

- The car that will fill up \$ 20 is somewhere between Daniel's car and the car that will fill up \$ 5, in that order.
- Alex's car is at the fifth position.
- The Yellow car is exactly to the left of the car with 30,000 miles.
- The Italian car is at one of the ends.
- The car with 40,000 miles is somewhere between the car that will fill up \$ 25 and the French car, in that order.
- The Sedan is exactly to the left of the car with the most miles.
- Jacob's car is at the fourth position.
- The Blue car is somewhere between the Red car and the Italian car, in that order.
- The car from South Korea manufacturer is at the fourth position.
- The Crossover is next to the car with 30,000 miles.
- The car with 40,000 miles is next to the car that will fill up \$ 5.
- The SUV will fill up \$ 5.
- The German car is somewhere between the American car and the French car, in that order.
- Jacob's car is next to the SUV.
- At one of the ends is the car that will fill up \$ 15.
- The Blue car is somewhere between the Pickup and the French car, in that order.
- The car with 20,000 miles is at the fourth position.
- The American car is at one of the ends.
- The Yellow car is exactly to the right of the White car.
- William's car is somewhere between the American car and Logan's car, in that order.
- In the fifth position is the car with 30,000 miles.
